

Recycling for Business

Does your business produce recyclable containers?

Are your recycling bins filling up quicker than they're being emptied?

Take the hassle out of business recycling and support the development of local youth by donating your empty recyclable containers to your local Scout Group.

Donating your recyclables is as easy as:

Dropping off empty
containers at your local
Scouts Donation Site.

OR

Contacting your local
Scouts Group to arrange
a pick up.

By donating to Scouts, you are:

- **Helping the Planet:** Caring for the environment in a practical and tangible way by taking recyclable rubbish and keeping it out of landfill.
- **Helping Yourself:** Reducing costs of recycling pick up services.
- **Helping Scouts:** All funds raised by your local Scout Group are returned to the community in support of Scouting programs to develop young people. Through Scouts, young people learn respect and courage; develop confidence and resilience, and become experts in creating a greener, more sustainable future.

Thank you in advance - your support makes a significant difference to the lives of young people in our local community, many of who will become our community and business leaders of the future.
