## A Deeper Dive into the Leader and Committee Hub Your Invitation to our Live Webinar Event

In late June, Scouts NSW launched the Leader and Committee Hub - a space where Leaders and Committee Members can securely store and manage sensitive data, information and documents relating to the business and operations of Scouts at the Region, District and Group level.

Since then, hundreds of Leaders and Committee Members from across the State have begun using the tool to collaborate on and store their Scouting documents including Financials, meeting minutes and other resources.

While we are pleased with the uptake so far, we want to support you even further to get the most of the Leader and Committee Hub.

To give you all the information you'll need to master this tool for your Scouting business and operations going forward, **we're hosting a special webinar on Thursday 30 July 2020 at 7.30pm.**

The webinar will build off learnings from our recent our Masterclass: Your Journey to Office 365, webinars, and provide a detailed account of the Hub, its purpose, benefits and user settings.

### What's on the Agenda?

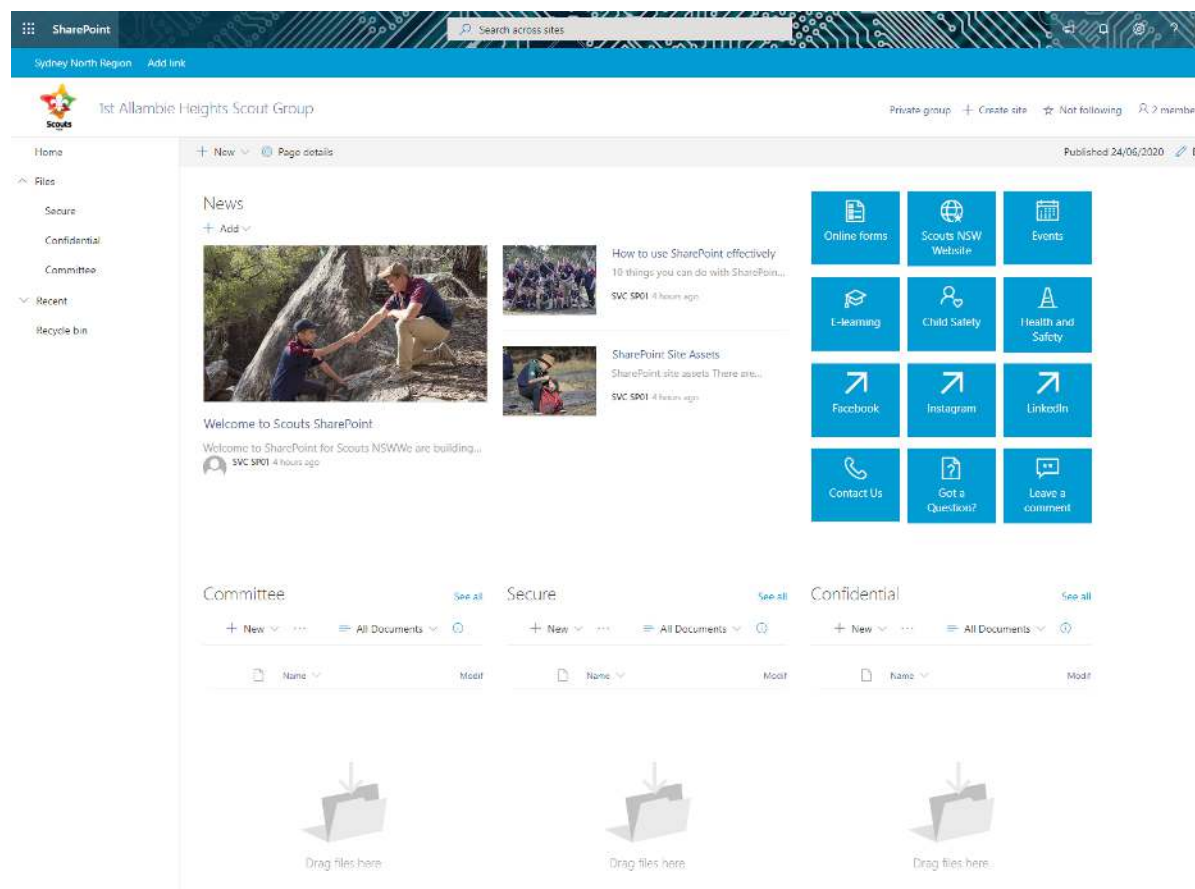

The webinar will cover:

- A rundown of the Leader and Committee Hub – what is it designed for, and what is it NOT designed for?
- A recap on Virtual Scout Halls vs. Leader and Committee Hubs – what is the difference?
- Security permissions in the Leader and Committee Hub - who has what level of access?
- Steps to take to obtain access if it is not automatically granted
- Other Frequently Asked Questions about the Leader and Committee Hub
- Plus – new value added features in Microsoft Teams to help you get even more out of your virtual meetings!
- Where you can get further help
