

23. QUARANTINE CUISINE

Type of Challenge:

This challenge is to be completed by the whole Patrol. Each patrol member must cook one suggested meal and submit a photo of their completed meal.

Resources Required:

- Cooking equipment
- Video chat
- Camera

Challenge Description:

Some people just have that out-of-the-box thinking. Like MacGyver.

In this challenge, you will take a photo of the contents of your Fridge and Pantry. You will then send these photos to your Patrol. The Patrol will then need to respond, coming up with the most creative way you could make a meal with the contents of your fridge and pantry. See how many different variations, and unique, unusual uses of ingredients you can get! Each Patrol member will then choose the best suggested meal and create the dish and enjoy it!

Evidence Submission:

To complete this challenge, you need to submit a word document with each team member's photographs: pantry, fridge, completed meal. You should also have a column next to the photos with a list of suggested meals you could make with the contents of your pantry and fridge.

Example Submission:

Meals to cook

Sausage Stroganoff

Tacos

Fried Rice
